WELCOME NOTE

Dear Valued Readers,

Hello everyone! How time flies. It is hard to believe we are already halfway through the year. We hope this message finds you all in good health and high spirits. Our township is blessed with plenty of green outdoor spaces and a fantastic residents' clubhouse, making it the perfect place to stay active and enjoy a healthy lifestyle.

We have some exciting news to share about our recent developments:

The construction of Coalfields Retail Park is progressing well, and we are looking forward to its opening in the first quarter of 2026. This new shopping hub will be the township's focal point offering a great shopping experience for our community.

Meanwhile, Caledonia has seen a lot of progress. The launch of the first RSKU homes received an overwhelming response. We are thrilled that many buyers chose to be part of our well-managed township that comes with facilities and amenities within reach. Additionally, we are pleased to announce that Ayana link homes (Phase 1) have been sold out and will be handed over in the third quarter of this year.

We have good news for those who missed out on Ayana. An upcoming phase, Kamelia, will be launched in the fourth quarter of this year. Keep an eye out for announcements so you don't miss your chance to be a part of this exciting development.

Caledonia Avenue, our new commercial hub, has been sold out, and construction is smoothly underway. We are on track to hand over the units earlier than expected, by Q4 of this year, a welcomed news for all the buyers.

KLK Land has been working diligently to offer a diverse range of properties to cater to the various needs of homebuyers. We believe in building inclusive townships that benefit the entire community, ensuring everyone finds their perfect home.

Thank you for your continued support and enthusiasm for our developments as we strive to build better communities.

Warm regards,
The Management of KLK Land

CELEBRATING WORLD ENVIRONMENT DAY 2024, EDUCATING THE NEXT GENERATION

June/2024

World Environment Day, established to promote worldwide awareness and action to protect our environment, was celebrated with great enthusiasm by KLK Land in collaboration with Wesley Methodist Private School, Bandar Seri Coalfields, on 7 June 2024. This event was to educate the younger generation to stress the importance of protecting and restoring our Earth towards a sustainable world.

150 kindergarten, primary, and secondary school students participated in a potted-plant decoration competition, showcasing their creativity and commitment to environmental stewardship.

The event featured an insightful recycling talk by Dr. S. Sri Umeswara, Chief Sustainability Officer of FIG Metal Industries Sdn. Bhd., which proved informative and inspiring for the students. Additionally, KLK Care supported the event by organizing DIY soap-making activities for the kindergarten students, further emphasizing the importance of sustainable practices.

Nestlé also contributed to the event by sponsoring 1,000 cups of Milo for sampling, ensuring participants stayed refreshed throughout the day.
